DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 49 is rejected under 35 U.S.C. 102(b) as being anticipated by Cobben (WO 95/26274).

Cobben inherently discloses the method for arranging a perforation pattern in a forge-proof document comprising arranging a document to be irradiated by a laser source (see page 3, lines 12-16 and page 4, lines 19-28); irradiating the document to obtain a first image (as seen in figure 2), wherein the laser source is programmed to apply a perforation pattern comprising perforations of which the cross-section in the transverse plane is unequal to a circle (as seen in figure 2).

Allowable Subject Matter

3. Claims 27-29, 31-48 and 50 are allowed.

Response to Arguments

4. Applicant's arguments filed November 25, 2003 have been fully considered but they are not persuasive.

Applicant fails to particularly address the rejections of claim 49. The examiner continues to maintain that Cobben discloses the claimed invention as set forth in the above rejections.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
